Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A High School Algebra This volume presents a full high-school course in elementary algebra and contains all the topics given in the standard year-and-a-half courses. It is adapted to the prevailing practice of teaching elementary algebra in two courses - a full-year course followed by a half-year course. The first twenty-three chapters contain all the work required in any standard one-year course, and the remaining ten chapters comprise a subsequent half-year course, reviewing and extending the elementary processes, fractions, factoring, exponents, and methods of solving equations, before any new topics are given. The result is a single volume adapted to a continuous one-and-a-half-year course, or to a course in which geometry intervenes between first-year and second-year algebra. It is especially suited to the latter plan, because Chapters XXIV and XXV furnish the review necessary for those pupils who take the divided course. Moreover, the treatment of quadratic equations, radicals, exponents, ratio, proportion, variation, and graphs in the second as well as in the first year s work, gives the greatest flexibility to the use of...
