## BLOOD AND OIL: THE DANGERS AND CONSEQUENCES OF AMERICA S GROWING DEPENDENCY ON IMPORTED PETROLEUM

DOWNLOAD

St. Martins Press-3pl, United States, 2005. Paperback. Book Condition: New. Reprint. 203 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In his pathbreaking *Resource Wars*, world security expert Michael Klare alerted us to the role of resources in conflicts in the post-cold-war world. Now, in *Blood and Oil*, he concentrates on a single precious commodity, petroleum, while issuing a warning to the United States its most powerful, and most dependent, global consumer. Since September 11 and the commencement of the war on terror, the world s attention has been focused on the relationship between U.S. foreign policy in the Middle East and the oceans of crude oil that lie beneath the region s soil. Klare traces oil s impact on international affairs since World War II, revealing its influence on the Truman, Eisenhower, Nixon, and Carter doctrines. He shows how America s own wells are drying up as our demand increases; by 2010 the United States will need to import 60 percent of its oil. And since most of this supply will have to come from chronically unstable, often violently anti-American zones the Persian Gulf, the Caspian Sea, Latin America, and Africa our dependency is bound to lead to recurrent military involvement. With clarity and urgency, *Blood and Oil* delineates the United States predicament and cautions that it is time to change our energy policies, before we spend the next decades paying for oil with blood.
