

## The Evolution of Fieldwork in Anthropology

By Lee Hooper

GRIN Verlag Jan 2014, 2014. sonst. Bücher. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2012 in the subject Pedagogy - Science, Theory, Anthropology, grade: 1, Massey University, New Zealand, course: Kulturanthropologie, language: English, abstract: The use of fieldwork is considered to be fundamental part of anthropological research, with many different methodologies being utilised depending on one's theoretical stance. This essay will look to compare two different anthropologists' approaches: that of Bronislaw Malinowski's (1922) work in New Guinea and Susan Krieger's (1996) work in America. Through giving a general definition of fieldwork first, the two anthropologists' methodologies will be outlined and contrasted. It is found that while there are certain similarities between both approaches, with each having their own distinctive strengths, the differences can be accounted for by historical environments and the goals of the anthropologist. 12 pp. English.

### Reviews

*An extremely wonderful pdf with perfect and lucid information. Better than never, though I am quite late in starting reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Elenor Koch PhD**

*This publication will be worth purchasing. It is written in straightforward words and not hard to understand. I am just very happy to explain how here is the best ebook we have read in my own lifestyle and might be the best publication for at any time.*
