My question really has to do with the expense to business for that as well as how we can make sure that we achieve the maximum notification for the most efficient cost. Clearly - and this is a point, Mr. Hendricks, that you mentioned - we dont want the obligations here to be so onerous that we defeat our own purpose by making them too expensive and, therefore, have blow-back against our ideas here because of the ex-pense. Mr. MacCarthy Mr. M C. Mr. Chairman, let me return to the previous AC ARTHY question. Our cardholder information security program applies to all entities that touch Visa cardholder information, public or pri-vate. So we think any kind of security regime should extend across the board and include all people who hold sensitive data. On the particular question, we think that the...
